

# Pulmonary Pathology Society Biennial Meeting

Thursday-Saturday, June 20-22, 2024

## AGENDA

### THURSDAY, JUNE 20, 2024

7:30 AM EDT Registration and Breakfast

### Emerging Technologies and Updates in NSCLC Diagnosis

**Moderators:** Wendy Cooper, MBBS, PhD and Sanja Dacic, MDPhD

- 8:00 Welcome and Announcements
- 8:05 Artificial Intelligence in Lung Cancer Pathology - How Can It Help Us?  
Junya Fukuoka, MD
- 8:25 What's Next in Interrogating Tumor Protein Expression?  
David Rimm, MD, PhD
- 8:45 Molecular Pathology and Biomarkers NSCLC - What's New in 2024  
Lynette Sholl, MD
- 9:05 SMARCA4 Deficient NSCC vs Undifferentiated Tumor: How Do You Tell, and Does It Matter?  
Akihiko Yoshida, MD, PhD
- 9:25 Cytologic Evaluation of NSCC - Doing a Lot With a Little  
Deepali Jain, MD
- 9:45 Questions and Discussion
- 10:00 Coffee Break

### Neuroendocrine Tumors and Benign Tumors

**Moderators:** Mary Beth Beasley, MD and Giuseppe Pelosi, MD

- 10:30 Carcinoids/NETs - Update and Role of Ki67  
Mauro G. Papotti, MD
- 10:49 New and Evolving Concepts in SCLC-Including Small Cell Transformation of NSCC after TKIs  
Natasha Rekhtman, M.D., PhD

- 11:08 Frozen Section Evaluation of Lung Tumors- Pitfalls of Low-Grade Neoplasms  
Jennifer M. Boland, MD
- 11:27 Genetics of Benign Lung Tumors  
Jason Chang, MD
- 11:46 Questions and Discussion
- 12:00 PM EDT Lunch Break

### Diagnostic Pitfalls in Lung Neoplasia

**Moderators:** Erik Thunnissen, MD, PhD and Yasushi Yatabe, MD

- 1:30 Mimickers of Lung Neoplasia- Avoiding Diagnostic Traps  
Mari Mino-Kenudson, MD
- 1:50 Cases That Have Changed my Mind/Mistakes I Have Made  
**Moderator:** Andre L. Moreira, MD, PhD  
**Panelists:** Marie C. Aubry, MD, Andre L. Moreira, MD, PhD, Henry D. Tazelaar, MD, William D. Travis, MD
- 2:45 Questions and Discussion
- 3:00 Coffee Break

### Neoplastic Keynote

- 3:30 Thoracic Surgery for Lung Cancer - New Paradigms  
Nasser K. Altorki, MD
- 4:15 Questions and Discussion
- 4:30 Adjourn

### Welcome Reception

6:00 PM EDT Welcome Reception at River Park  
*Location: 450 E 29th Street, New York, NY 10016*

All Guest Are Welcome to Attend.

### FRIDAY, JUNE 21, 2024

7:30 AM EDT    **Breakfast**  
7:55            **Welcome and Announcements**  
8:00            **Systemic Causes of ILD**  
                  Lida P. Hariri, MD, PhD

## Pleura and Mediastinum

**Moderators:** Lucian Chirieac and Sonja Klebe, MD, PhD, FRCPA

8:20            **Mesothelioma in Situ and WD  
Papillary Mesothelial Tumors:  
Where Are We Now?**  
                  Andrew Churg, MD  
8:40            **New Markers for the Diagnosis of  
Mesothelioma**  
                  Yin (Rex) P. Hung, MD, PhD  
9:00            **The Current State of Mediastinal  
Pathology - Where We've Been and  
Where We Are Headed**  
                  Saul Suster, MD  
9:20            **Germ Cell Tumors of the  
Mediastinum**  
                  Anja Roden, MD  
9:40            **New Markers and Genomics of  
Thymic Epithelial Tumors**  
                  Alexander Marx, DO  
10:00          **Questions and Discussion**  
10:15          **Coffee Break**

## ILD

**Moderators:** Richard L. Attanoos, MD and Matthew Cecchini, MD, PhD

10:45          **What's Next in ILD- Artificial  
Intelligence and Molecular  
Approaches**  
                  Liron Pantanowitz, MD PhD MHA  
11:05          **Small Airway Disease- Novel  
Etiologies (Vaping)**  
                  Yasmeen M. Butt, MD  
11:25          **What's New in Occupational Lung  
Disease/Pneumoconiosis**  
                  Kelly J. Butnor, MD  
11:45          **Questions and Discussion**  
12:00 PM EDT    **Lunch Break**

## Diagnostic Dilemmas in ILD

**Moderators:** Sabina Berezowska, MD and Sanjay Mukhopadhyay, MD

1:30            **Mimickers of ILD - Avoiding  
Diagnostic Traps**  
                  Jeffrey Myers, MD  
1:50            **What Would You Call It?  
Interactive Session in ILD**  
                  Kirk D. Jones, MD, Branden Larsen, MD, PhD,  
                  Charles Leduc, MD, Maxwell L. Smith, MD  
2:45            **Questions and Discussion**  
3:00            **Coffee Break**

## Keynote - Non-Neoplastic

3:30            **Molecular Cell Atlas of the Human  
Lung**  
                  Mark Krasnow, MD, PhD  
4:15            **Questions and Discussion**  
4:30            **Adjourn**

## Pulmonary Pathology Society Meeting Dinner

6:00 PM EDT    **Bond 45**  
                  *Location: 450 E 29th Street, New  
                  York, NY 10016*

Available for Purchase Separate from Registration. Space is Limited.

## SATURDAY, JUNE 22, 2024

7:30 AM EDT    **Breakfast**  
8:00            **Welcome and Announcements**

## Miscellaneous Topics: Pediatrics, Transplant, Infections

**Moderators:** Kristine Konopka, MD and Ying-Chun Lo, MD, PhD

8:05            **Update in Pediatric Pulmonary  
Pathology-Neoplastic**  
                  Jennifer Pogoriler, MD, PhD  
8:25            **Update in Pediatric Pulmonary  
Pathology - Non-neoplastic**  
                  Gail H. Deutsch, MD  
8:45            **Emerging Tools in Pathology of  
Lung Transplantation- AI, Cell Free  
DNA, Etc**  
                  Fiorella Calabrese, MD  
9:05            **COVID-Related Lung Disease- 5  
Years Later, What Have We  
Learned?**  
                  Manuela Funke-Chambour, MD  
9:25            **Molecular Approach to  
Identification of Infectious  
Organisms From FFPE**  
                  Bobbi Pritt, MD, MSc  
9:45            **Question and Discussion**  
10:00          **Coffee Break**

Mystery Cases

**Moderators:** Mari Mino-Kenudson, MD and Andre L. Moreira, MD, PhD

|              |                      |
|--------------|----------------------|
| 10:30        | Mystery Case 1       |
| 10:40        | Mystery Case 2       |
| 10:50        | Mystery Case 3       |
| 11:00        | Mystery Case 4       |
| 11:10        | Mystery Case 5       |
| 11:20        | Awards Presentations |
| 12:00 PM EDT | Adjourn              |
