Henry Tazelaar, M.D., President

Phil Cagle, M.D., Vice President

Donald Guinee, M.D., Treasurer

Elisabeth Brambilla, M.D., Secretary

July 2005 Volume 11

Pulmonary Pathology Society Companion Meeting Minutes United States and Canadian Academy of Pathology Meeting February 26, 2005, San Antonio, Texas

Program Committee Report:

- *Companion Meeting USCAP 2006.*
Companion meeting 2006 will be devoted to "Resolving Dilemmas in Lung Cancer Staging and Histologic Typing" with 3 speakers including Douglas Flieder, Raja Mudad, Samuel Yousem. Note: This is a revised topic from what was presented at the February meeting.
- *IAP Montreal 2006.*
The program has been completed. Bernard Tetu is in charge of the pulmonary section of the meeting and there will be 5 pulmonary sessions:
 - PPS Companion Meeting: A Histological Perspective and Moderns Techniques in Pulmonary Pathology.
 - Symposium #2: Pulmonary Infections
 - Symposium #3: Interstitial Lung Disease other than UIP.
 - Short Course: Pleural Tumors.
 - Slide Seminar: Lung Tumors.The speakers have been invited by the conveners, and 90 % have already given their agreement.
There will be 3 chairs per session in order to increase the number of participants.

Nominating Committee: *Bill Travis with help of former presidents*

Election of trustees: Andras Khor (Mayo Clinic Jacksonville) and Mary Beth Beasley (Portland, Oregon) were approved as members of the Board of Trustee to replace Carol Farver and Joseph Tomaszefski.

Vice President's Report: Given by Philip Cagle.

Dr. Philip Cagle announced his recent nomination as Chief Editor of Archives of Pathology and Laboratory Medicine. This will offer a new opportunity for publication of lung pathology studies and manuscript including a special issue devoted to articles produced by the invited speakers on their topic given in Annecy PPS Meeting. It is a great opportunity to favor publication of lung pathology papers and having several members of the Society in the Editorial Board.

The next summer meeting will be held at the Eldorado Resort in Santa Fe, New Mexico USA, June 20-22, 2007

The organizing committee will be chaired by Dani Zander with Françoise Galateau and Kevin Leslie as members.

Awards at USCAP 2005.

The following individuals were presented awards:

1. Pulmonary Pathology Society Award to Trainee at USCAP 2005
2005 Best Trainee Presentation Award - Winner
HANNELORE KOTHMAIER, MS
Institute of Pathology, Medical University, Graz, Austria
H Kothmaier, S Petzmann, I Halbwedl, HH Popper: "Gene Silencing of PCNA in Mesothelioma Cell Lines Causes Deregulation of Other Genes"; Institute of Pathology, Medical University, Graz, Austria

2005 Best Trainee Presentation Award – Honorable Mention

BRIAN J. YODER, DO PHD

Cleveland Clinic Foundation, Cleveland, OH

BJ Yoder, B Yen-Lieberman, D Kohn, GW Procop, PE Pellett, SAA Comhair, W Xu, CF Farver: “The Lack of Expression of Human Herpesvirus 8 in Primary Pulmonary Hypertension”; Cleveland Clinic Foundation, Cleveland, OH

2005 Best Trainee Presentation Award - Honorable Mention

SUSANNA PETZMANN, PHD

Institute of Pathology, Medical University, Graz, Austria

S Petzmann, C Maercker, E Markert, R Thonhofer, I Kern, K Osolnik, W Pohl, HH Popper: “Gene Expression Analysis in Sarcoidosis - Pro-Survival and Anti-Apoptotic Signaling”; Institute of Pathology, Medical University, Graz, Austria; German Cancer Research Center, Heidelberg, Germany; University Clinic for Respiratory and Allergic Diseases Golnik, Golnik, Slovenia; Pulmonary Hospital, Grimmenstein, Lower Austria, Austria

2005 Best Trainee Presentation Award - Honorable Mention

JEAN-CLAUDE CUTZ MSC, MD FRCP(C)

BC Cancer Agency, Vancouver, BC, Canada

J-C Cutz, J Guan, J Bayani, H Xue, M Sutcliffe, PW Gout, JA Squire, S Lam, Y-Z Wang: “Histopathologic and Molecular Cytogenetic Characterization of Tumor Xenografts and Transplantable Tumor Lines from a Variety of Human Lung Cancers”; BC Cancer Agency, Vancouver, BC, Canada; BC Cancer Agency, Vancouver, BC, Canada; Ontario Cancer Institute - Princess Margaret Hospital, Toronto, ON, Canada; CIHR Molecular Oncologic Pathology Program

2. Pulmonary Pathology Society Travel Stipend Award for 2005-2006

NOEL A. BROWNLEE, MD PHD

Wake Forest University Baptist Medical Center, Winston-Salem, NC

Sponsor: Victor Roggli, MD

**Fourth Biennial Symposium – Pulmonary Pathology Society
June 15-17, 2005, Lake Annecy, France**

The Fourth Biennial Symposium of the PPS took place in Annecy (France) at the Imperial Palace at the boarder of the lake Annecy.

There were 175 attendees!!

Congratulations to Mayo Medical Laboratories for efficient and excellent organization. We appreciated the remarkable direction and initiative of the course Director Dr. Henry Tazelaar, the work of the program planning Committee to establish the sessions (Anthony Gal, Elisabeth Brambilla, Hiroshi Minato, Andrew Nicholson and Henry Tazelaar) and the performance of the Conference Faculty Members.

MEETINGS 2006

**Pulmonary Pathology Society Companion Meeting
To the United States and Canadian Academy of Pathology Meeting
February 11, 2006, New Orleans, Louisiana**

Resolving Dilemmas in Lung Cancer Staging and Histologic Typing

Commonly Encountered Difficulties in Pathologic Staging of Lung Cancer

Douglas Flieder, MD, Fox Chase Cancer Center, Philadelphia, PA

Clinical Problems in AJCC Lung Cancer Staging – What do Clinicians really want to Know from the Pathology Report?

Raja Mudad, MD, Tulane University Medical Center, New Orleans, LA

Bronchioloalveolar Carcinoma versus Adenocarcinoma – Does the Distinction make a Difference?

Samuel Yousem, MD, University of Pittsburgh Medical Center, Pittsburgh, PA

Conference Website: <http://www.uscap.org>

American Thoracic Society
ATS 2006 – SAN DIEGO, CALIFORNIA
May 19-24, 2006

Conference Website: <http://www.thoracic.org>

IAP 100TH Anniversary Congress

September 16-21, 2006

1906 - Montreal - 2006

Conference Website: <http://www.iap2006.com>

PULMONARY SESSIONS

PPS Session: A Historical Perspective and Moderns Techniques in Pulmonary Pathology

Chairs: **Henry D. Tazelaar**, Mayo Clinic, Rochester, MN
Ming Tsao, Univ. of Toronto, Toronto, ON
Brendan Mullen, Univ. of Toronto, Toronto, ON

Antiquity to Liebow – Milestones in Pulmonary Pathology
David H. Dail, Virginia Mason Clinic, Seattle, WA

The History of DAD and New Insights into Pathogenesis and Treatment
Joseph F. Tomashefski, Metro Health Medical Center, Cleveland, OH

Curing UIP – Looking Beyond Interferon
Kevin O. Leslie, Mayo Clinic, Scottsdale, AZ

Targeted Therapies for Lung Cancer – EGFR Inhibitors
Wilbur Franklin, Univ. of Colorado, Denver, CO

Contributions of Gene Expression Profiling to the Diagnosis & Classification of Mesothelioma and Lung Cancer
Marc Ladanyi, Memorial Sloan Kettering Cancer Center, New York, NY

Applications of Microdissection Techniques in Pulmonary Pathology
Diane Ionescu, Univ. Pittsburgh, Pittsburgh, PA

Pulmonary Infections

Chairs: **David Hwang**, Univ. of Toronto, Toronto, ON
Osamu Matsubara, National Defense Medical College, Saitama, Japan
Dani Zander, Univ. of Texas Health Science Center at Houston, Houston, TX

Atypical Manifestations of Pulmonary Infection
Carol Farver, Cleveland Clinic, Cleveland, OH

The Hantavirus Story
Sherif Zaki, CDC, Atlanta

SARS
Teri L. Franks, AFIP, Washington, DC

Mimics of Infections
Anthony A. Gal, Emory Univ. Hospital, Atlanta, GA

Pulmonary Manifestations of Potential Biowarfare Agents
David H. Walker, Univ. Texas at Galveston, Galveston, TX

Symposium - Interstitial Lung Disease other than UIP

Chairs: **Brian Chiu**, Univ. of Alberta, Canada
William D. Travis, Memorial Sloan Kettering, New York, NY
Masanori Kitaichi, Osaka, Japan

The Evolving Concept of NSIP

Jeffrey Myers, Mayo Clinic, Rochester, MN

Bronchiolocentric/Airway-Centered Interstitial Pneumonia

Sonja Dacic, Univ. Pittsburgh, Pittsburgh, PA

Acute Lung Injury including Acute Fibrinous and Organizing Pneumonia

Mary Beth Beasley, Providence Portland Medical Center, Portland, OR

Difficult to Characterize Patterns of ILD – Collagen Vascular Diseases

Anna Luise Katzenstein, SUNY Upstate Medical Center, Syracuse, NY

Hypersensitivity Pneumonitis – Recently Recognized Causes

Armando Fraire, University of Massachusetts, Worcester, MA

Update on Drug Toxicities Affecting the Lung

Doug Flieder, Fox Chase, Philadelphia, PA

Short Course – Pleural Tumors

Chairs: **Kelly J. Butnor**, Univ. of Vermont, Burlington, VT

Françoise Galateau-Salle, CHU Caen, France

Samuel P. Hammar, Diagnostic Specialties Laboratories, Bremerton, WA

Malignant Mesothelioma with Osteochondrosarcomatous Differentiation

Annabelle Mahar, Australia

Atypical Mesothelial Proliferations

Andrew Churg, Univ. of British Columbia, Vancouver, BC

Chronic Fibrous Pleuritis

Timothy C. Allen, Univ. of Texas Health Science at Tyler, Tyler, TX

Epithelioid Hemangioendothelioma

Thomas A. Sporn, Duke Univ. Durham, NC

Well Differentiated Papillary Mesothelioma

Victor Roggli, Duke Univ., Durham, NC

Localized Fibrous Tumor

Douglas Henderson, Flinders Medical Centre, Adelaide, Australia

Pleural Thymoma

Marie C. Aubry, Mayo Clinic, Rochester, MN

Ewing's Sarcoma/PNET/DSRCT

Philip Cagle, The Methodist Hospital, Houston, TX

Slide Seminar – Lung Tumors

Chairs: **Elisabeth Brambilla**, CHU Grenoble, France

John English, Univ. British Columbia, Vancouver, BC

Donald Guinee, Virginia Mason Clinic, Seattle, WA

Bronchioloalveolar Carcinoma

Maureen Zakowski, Memorial Sloan Kettering, New York, NY

Atypical Carcinoid

Philip S Hasleton, Wythenshawe Hospital, Manchester, UK

Lymphoepithelioma-like carcinoma

Claudia Y. Castro, Univ. of Texas Medical Branch, Galveston, TX

Metastatic vs. Primary Carcinoma

Keith Kerr, Aberdeen Univ. Medical School, Aberdeen, Scotland

Carcinoma arising in UIP

Sylvie Lantuejoul, CHU Grenoble, France

Synovial Sarcoma

Thomas Colby, Mayo Clinic, Scottsdale, AZ

Adenocarcinoma arising in CCAM

Andrew G. Nicholson, Royal Brompton Hospital, London, UK

Unusual Case of Langerhans Cell Histiocytosis

Andras Khor, Mayo Clinic, Jacksonville, FL

☞ ***Upcoming Meetings in Europe***

**European Society of Pathology
20th European Congress of Pathology - Carrefour de Pathologie 2005
September 3-8, 2005 - Paris, France**

Conference Website: www.pathology-congress.com

Pulmonary Pathology

Tumors of the Mediastinum (*Short Course*)

Moderators: S. Suster, C. Moran

Mesotheliomas and other Tumors of the Pleura (*Slide Seminar*)

Moderators: A. Gibbs, F. Galateau-Salle

Key diagnostics in Interstitial Lung Diseases (*Short Course*)

Moderators: W. Timens, I. Kern

Role of Bronchoalveolar Lavage in Pulmonary Pathology (*Short Course*)

Moderators: F. Thivolet, H. Popper

New trends in Pulmonary Diseases (*Business Meeting*)

Moderators: B. Murer, H. Zeren

**Free Paper Session on Pulmonary Pathology
Tuesday, September 6th, 2005**

Chairs: E. Brambilla (Grenoble, France), P. Cagle (Houston, US)

**European Respiratory Society
European Respiratory Society Annual Congress
September 17-21, 2005 – Copenhagen, Denmark**

Conference Website: www.ersnet.org

Among all do not miss the sessions dealing with Pulmonary Pathology

**UPDATE ON THE ROLE OF ANGIOGENESIS IN THE PATHOGENESIS
AND TREATMENT OF LUNG DISEASES**

Sunday September 18 2005 – 14:45-16:45

Chairs:

Elisabeth Brambilla (Grenoble, France), Joanna Chorostowska-Wynimko (Warsaw, Poland)

Interactions between airways and blood vessel are critical for normal lung development and maturation

Ann Millar, Bristol, UK

Tumor-related angiogenesis: role in tumour growth and metastasis formation

Maragoudakis ME, Patras, Greece

The role of pathological angiogenesis in the pathogenesis of the chronic inflammatory lung diseases

Keane MP, Los Angeles, USA

Novel anti-angiogenic pharmacotherapy strategies

Giaccone G, Amsterdam, The Netherlands

NEUROENDOCRINE TUMOURS OF THE LUNG

Monday September 19, 2005 – 10:45-12:45

Chairs:

Elisabeth Quoix (Strasbourg, France), G. Friedel (Gerlingen, Germany)

Pathology and biological markers of neuroendocrine lung tumors
Brambilla E, Grenoble, France

Balanced indications for surgery or endobronchial therapy for typical carcinoid tumours
Massard G, Strasbourg, France

Should there be a specific management for large cell neuroendocrine carcinoma?
Rossi G, Modena, Italy

Respective indications of chemotherapy, radiotherapy and surgery in limited disease stage small cell lung carcinoma
Postmus P, Amsterdam, The Netherlands

PATHOPHYSIOLOGY OF LUNG CANCER PROGRESSION: IMPACT IN DIAGNOSIS AND EARLY DETECTION

Tuesday September 20, 2005 – 8:30-10:30

Chairs:

Luis Montuenga (Pamplona, Spain), Elisabeth Brambilla (Grenoble, France)

Molecular alterations in lung carcinogenesis and the search for new biomarkers for early detection
Montuenga L, Pamplona, Spain

The role of chronic inflammation in mouse lung tumourigenesis
Malkinson A, Denver, USA

A non-small cell lung cancer modelling by endogenous K-ras manipulation
Guerra C, Madrid, Spain

A mouse model of small cell lung cancer by simultaneous somatic inactivation of p53 and Rb genes
Linnoila I, Rockville, USA

PULMONARY PATHOLOGY SOCIETY MEMBERSHIP APPLICATION

For the year January 2005 thru December 2005

Please print or type all information neatly. Mail or fax your membership application to:

**Pulmonary Pathology Society
C/O Foundation for Advanced Education in the Sciences, Inc. (FAES)
Attention: Carline Coote
One Cloister Court, Suite 230
Bethesda, MD 20814-1460**

Phone: (301) 496-7975 ~ Fax: (301) 402-0174 ~ rmcneely@mail.nih.gov

Type of Application (please check one)

- New Application
 Membership Renewal

Membership Dues (please check one)

- Regular membership dues (\$50)
 Resident membership dues - US (\$20)

Payment Information

- Check enclosed (payable to FAES) Credit Card (Visa or MasterCard only)

Credit Card Number**Expiration Date****Signature**

In order for our records to be as accurate as possible, and to ensure that we can communicate with you readily, please provide as much information below as possible and return this sheet with your dues.
