

# Pulmonary Pathology Society Biennial Meeting

Thursday-Saturday, June 20-22, 2024

## AGENDA

### THURSDAY, JUNE 20, 2024

7:30 AM EDT Registration and Breakfast

### Emerging Technologies and Updates in NSCLC Diagnosis

**Moderators:** Alain Borczuk, MD and Sanja Dacic, MD PhD

8:00 Welcome and Announcements

8:05 Artificial Intelligence in Lung Cancer Pathology - How Can It Help Us?

Junya Fukuoka, MD, PhD.

8:25 What's Next in Interrogating Tumor Protein Expression?

David Rimm, MD, PhD

8:45 Molecular Pathology and Biomarkers NSCLC - What's New in 2024

Lynette Sholl, MD

9:05 SMARCA4 Deficient NSCC vs Undifferentiated Tumor: How Do You Tell, and Does It Matter?

Akihiko Yoshida, MD, PhD

9:25 Cytologic Evaluation of NSCC - Doing a Lot With a Little

Deepali Jain, MD

9:45 Questions and Discussion

10:00 Coffee Break

### Neuroendocrine Tumors and Benign Tumors

**Moderators:** Mary Beth Beasley, MD and Giuseppe Pelosi, MD

10:30 Carcinoids/NETs - Update and Role of Ki67

Mauro G. Papotti, MD

10:49 New and Evolving Concepts in SCLC-Including Small Cell Transformation of NSCC after TKIs

Natasha Rekhtman, M.D., PhD

11:08

Frozen Section Evaluation of Lung Tumors- Pitfalls of Low-Grade Neoplasms

Jennifer M. Boland, MD

11:27

Genetics of Benign Lung Tumors

Jason Chang, MD

11:46

Questions and Discussion

12:00 PM EDT Lunch Break

### Diagnostic Pitfalls in Lung Neoplasia

**Moderators:** Erik Thunnissen, MD, PhD and Yasushi Yatabe, MD

1:30

Mimickers of Lung Neoplasia- Avoiding Diagnostic Traps

Mari Mino-Kenudson, MD

1:50

Cases That Have Changed my Mind/Mistakes I Have Made

**Moderator:** Andre L. Moreira, MD, PhD

**Panelists:** Marie C. Aubry, MD, Andre L. Moreira, MD, PhD, Henry D. Tazelaar, MD, William D. Travis, MD

2:45

Questions and Discussion

3:00

Coffee Break

### Neoplastic Keynote

3:30

Thoracic Surgery for Lung Cancer - New Paradigms

Nasser K. Altorki, MD

4:15

Questions and Discussion

4:30

Adjourn

### Welcome Reception

6:00 PM EDT

Welcome Reception at River Park  
*Location: 450 E 29th Street, New York, NY 10016*

All Guest Are Welcome to Attend.

### FRIDAY, JUNE 21, 2024

7:30 AM EDT	<b>Breakfast</b>
7:55	<b>Welcome and Announcements</b>
8:00	<b>Systemic Causes of ILD</b> Lida P. Hariri, MD, PhD

Pleura and Mediastinum

<b>Moderators:</b> Lucian Chiriac, MD and Sonja Klebe, MD, PhD, FRCPA	
8:20	<b>Mesothelioma in Situ and WD Papillary Mesothelial Tumors: Where Are We Now?</b> Andrew Churg, MD
8:40	<b>New Markers for the Diagnosis of Mesothelioma</b> Yin (Rex) P. Hung, MD, PhD
9:00	<b>The Current State of Mediastinal Pathology - Where We've Been and Where We Are Headed</b> Saul Suster, M.D.
9:20	<b>Germ Cell Tumors of the Mediastinum</b> Anja Roden, MD
9:40	<b>New Markers and Genomics of Thymic Epithelial Tumors</b> Alexander Marx, MD
10:00	<b>Questions and Discussion</b>
10:15	<b>Coffee Break</b>

ILD

<b>Moderators:</b> Richard L. Attanoos, MD and Matthew Cecchini, MD, PhD	
10:45	<b>What's Next in ILD- Artificial Intelligence and Molecular Approaches</b> Liron Pantanowitz, MD PhD MHA
11:05	<b>Small Airway Disease- Novel Etiologies (Vaping)</b> Yasmeen M. Butt, MD
11:25	<b>What's New in Occupational Lung Disease/Pneumoconiosis</b> Kelly J. Butnor, MD
11:45	<b>Questions and Discussion</b>
12:00 PM EDT	<b>Lunch Break</b>

Diagnostic Dilemmas in ILD

<b>Moderators:</b> Sabina Berezowska, MD and Sanjay Mukhopadhyay, MD	
--	--

1:30	<b>Mimickers of ILD - Avoiding Diagnostic Traps</b> Jeffrey Myers, MD
1:50	<b>What Would You Call It? Interactive Session in ILD</b> Kirk D. Jones, MD, Branden Larsen, MD, PhD, Charles Leduc, MD, Maxwell L. Smith, MD
2:45	<b>Questions and Discussion</b>
3:00	<b>Coffee Break</b>

Keynote - Non-Neoplastic

3:30	<b>Molecular Cell Atlas of the Human Lung</b> Mark Krasnow, MD, PhD
4:15	<b>Questions and Discussion</b>
4:30	<b>Adjourn</b>

Pulmonary Pathology Society Meeting Dinner

6:00 PM EDT	<b>Bond 45</b> <i>Location: 450 E 29th Street, New York, NY 10016</i>
Available for Purchase Separate from Registration. Space is Limited.	

SATURDAY, JUNE 22, 2024

7:30 AM EDT	<b>Breakfast</b>
8:00	<b>Welcome and Announcements</b>
<b>Miscellaneous Topics: Pediatrics, Transplant, Infections</b>	
<b>Moderators:</b> Kristine Konopka, MD and Ying-Chun Lo, MD, PhD	
8:05	<b>Update in Pediatric Pulmonary Pathology-Neoplastic</b> Jennifer Pogoriler, MD, PhD
8:25	<b>Update in Pediatric Pulmonary Pathology - Non-neoplastic</b> Gail H. Deutsch, MD
8:45	<b>Emerging Tools in Pathology of Lung Transplantation- AI, Cell Free DNA, Etc</b> Fiorella Calabrese, MD
9:05	<b>COVID-Related Lung Disease- 5 Years Later, What Have We Learned?</b> Manuela Funke-Chambour, MD
9:25	<b>Molecular Approach to Identification of Infectious Organisms From FFPE</b> Bobbi Pritt, MD, MSc
9:45	<b>Question and Discussion</b>
10:00	<b>Coffee Break</b>

## Mystery Cases

**Moderators:** Mari Mino-Kenudson, MD and Andre L. Moreira, MD, PhD

10:30	<b>Mystery Case 1</b> Sabina Berezowska, MD
10:40	<b>Mystery Case 2</b> Arno Vanstapel, MD, PhD
10:50	<b>Mystery Case 3</b> Wadad Mneimneh, MD
11:00	<b>Mystery Case 4</b> Igor Odintsov, MD
11:10	<b>Mystery Case 5</b> Vanathi Sivasubramaniam, MBBS FRCPA
11:20	<b>Awards Presentations</b>
12:00 PM EDT	<b>Adjourn</b>
