

Pulmonary Pathology Sessions: 2018 IAP Congress, Amman, Jordan

I. Pulmonary Pathology Symposium

Chairs:

- a. Mari Mino-Kenudson, MD (USA, Massachusetts General Hospital, Harvard University)
- b. Anja Roden, MD (USA, Mayo Clinic)

Topics/Speakers

Debate One: "Is Spread Through Air Spaces (STAS) a Real Phenomenon or Artifact?"

1. Pro (real phenomenon): Kyuichi Kadota, MD, PhD (Japan, Kagawa University)
2. Con (artifact): Erik Thunnissen (Netherlands, VU University Medical Center)

Debate Two: "Is Invasion Size a Better Predictor of Recurrence than Total Tumor Size in Lung Cancers with Lepidic Components?"

3. Pro (invasion size): Keith Kerr, MD (UK, Aberdeen University Medical School)
4. Con (total size): Andre Moreira, MD (USA, New York University Medical Center)

II. Pulmonary Pathology Slide Seminar:

Chairs:

- a. Sinchita Roy-Chowdhuri, MD, PhD (USA, M.D. Anderson Cancer Center)
- b. and Giancarlo Troncone, MD (Italy, University of Naples Federico II School of Medicine)

Speakers/Topics

1. Mostafa Fraig, MD, MBA (USA, University of Louisville School of Medicine) Pulmonary Necrobiotic Nodules in Crohn's Disease
2. Walid Khalbuss, MD, PhD (KSA, King Abdulaziz Medical City) Cytology of Parasitic Pulmonary Infection
3. Lucian Chireac, MD (USA, Brigham and Women's Hospital, Harvard University) Unusual Subtype of Mesothelioma
4. Jun Fukuoka, MD (Japan, Nagasaki University School of Medical Sciences) Ciliated Muconodular Papillary Tumor of the Lung
5. Ola El-Zammar, MD (USA, State University of New York Upstate Medical University) Non-Infectious Granuloma

6. Jae Ro, MD, PhD (USA, Houston Methodist Hospital, Weill Cornell Medical College) Pulmonary Micropapillary Adenocarcinoma

III. Pulmonary Pathology Long Course

A. Update on Interstitial Lung Disease

Chairs:

- a. Osamu Matsubara (Japan, National Defense Medical College)
- b. And Keith Kerr, MD (UK, Aberdeen University Medical School)

Speakers/Topics

1. Lida Hariri (USA, Massachusetts General Hospital, Harvard University) Update on Idiopathic Pulmonary Fibrosis
2. Annabelle Mahar (Australia, Royal Prince Alfred Hospital) Update on Interstitial Pneumonia with Autoimmune Features

B. Update on Mesothelioma

Chairs:

- a. Francois Galateau-Salle, MD (France, Centre Léon Bérard)
- b. Allen Gibbs, MD (UK, University Hospital Wales)

Speakers/ Topics

3. Aliya Husain, MD (USA, University of Chicago): Pathologic Diagnosis of Mesothelioma
4. Sven Seiwert, MD, PhD (Croatia, University of Zagreb) Mesothelioma
5. Handan Zeren, MD (Turkey, Acibadem University) Causes of Mesothelioma: the Turkish Experience
6. Richard Attanoos, MD (UK, University Hospital Wales, Cardiff University) Mimics of Mesothelioma Richard Attanoos

C. Update on Lung Cancer

Chairs:

- a. Sylvie Lantuejoul, MD (France, Centre Léon Bérard)
- b. Vera Capelozzi, MD, PhD (Brazil, University of São Paulo)

Speakers/Topics

7. Hanaa Salem Bamefleh, MD (KSA, King Abdulaziz Medical City) Approach to the Diagnosis of the Solitary Pulmonary Nodule
8. Mari Mino-Kenudson, MD (USA, Massachusetts General Hospital, Harvard University) Staging Issues in Lung Cancer
9. Wasim Raslan, MD, PhD (KSA, Johns Hopkins Aramco Health Care) Pulmonary Salivary Gland-Type Tumors
10. Izidor Kern, MD (Slovenia, University Clinic Golnik) Cytology in Lung Cancer Diagnostics and Predictive Biomarker Testing
11. Fouad Hassan Al Dayel (KSA, King Faisal Specialist Hospital and Research Center) Molecular Pathology of Lung Cancer: The Kingdom of Saudi Arabia Experience
12. Lynette Sholl (USA, Brigham and Women's Hospital, Harvard University) New Biomarkers for Lung Cancer Immune Therapy
